

Sample Study Plans for Second Major in Computer Science

Study Plan M1 – for 2023/24 intake and thereafter

	First Semester	Second Semester
Year 1		
Year 2 (24 credits)	COMP1117, COMP2121	COMP2113, COMP2120
Year 3 (30 credits)	COMP2119, COMP3230/COMP3297*/COMP3278	COMP3314/COMP3297*/COMP3278, COMP elective x 2
Year 4 (30 credits)	COMP4805/COMP3297*, COMP elective x 2	COMP elective x 2

* If students choose to complete COMP3297 Software engineering for fulfilling the requirement of capstone experience, COMP3297 will not be counted towards the category of Elective Courses.

Study Plan M2 – for intakes of 2022/23 and before

	First Semester	Second Semester
Year 1		
Year 2 (24 credits)	COMP1117, COMP2121	COMP2113, COMP2120
Year 3 (30 credits)	COMP2119, COMP3230/COMP3297*/COMP3278	COMP3234/COMP3297*/COMP3278, COMP elective x 2
Year 4 (30 credits)	COMP4805/COMP3297*, COMP elective x 2	COMP elective x 2

* If students choose to complete COMP3297 Software engineering for fulfilling the requirement of capstone experience, COMP3297 will not be counted towards the category of Elective Courses.

The samples serve as illustrative study plans only as there are a number of possible sequences of studies for the programme. It is also possible that the department may adjust the course offering schedule in different academic year. Students are allowed to submit their own course selection plans and are responsible for ensuring that the required pre-requisites and co-requisite of selected courses are fulfilled.
